

Together we can recover and refuel Texas' small businesses

Pace-O-Matic is the National Leader in dominant skill game software development and manufacturing

- Lone Star Skill Games are growing and driving revenue in the Texas market
- Located in over 100 locations
- Players enjoy our dominant skill games in markets across the nation, including Texas, Wyoming, Virginia, District of Columbia, and Pennsylvania

Revenue Generator for your business and community

- Our skill games add a reliable supplemental revenue source for your business
 - ◆ A significant revenue generated by our games is being circulated and reinvested in Texas companies, products, communities, and families
 - ◆ A revenue engine for small businesses as we adapt to new social distancing guidelines
- Every dollar played generates a contribution to support Texas small businesses
- Experience proves businesses with our games retain existing customers who stay longer and purchase more food and beverage
- A national convenience store chain generated a \$2.8 million profit from our devices in the first quarter of 2020

Why Lone Star Skill?

We offer legal software for approved equipment, with industry best in class accounting software, and Tier 1 service to bars, restaurants, convenience stores and truck stops.

- You provide the space, we provide player entertainment and profits
 - No upfront costs
 - Enough capacity to handle all your locations
 - Provides stability
- Can be up and running in two weeks

Pace-O-Matic stands behind our games by providing :

- Operator or service person who maintains equipment and games
- Employs own compliance team of former senior law enforcement agents who work to monitor operations and resolve player issues
- Our games operate on a proven and reliable patented fill system.
 - ◆ The system tracks purchases of licenses and ensures proper accounting
